

# recycle right

**At EcoGroup, we're all about recycling right.**

We proudly spearheaded the sustainable demolition industry in Australia. Using ground breaking technologies we provide innovative services including demolition, excavation and site remediation.

EcoGroup are the leading supplier of recycled bricks, pavers, crushed brick, briquettes and mulch.

We are on a mission to transform the demolition, construction, and landscaping industries by providing a green alternative.

At the core of everything we do, lies a deep commitment to sustainability. By maximising salvageable materials and minimising the waste that goes to landfill, we're preserving the environment for generations to come.

# recycled mulch products

# timber mulch

Our mulch is an environmentally-friendly product for your garden, made from 100% recycled timber salvaged from Australian demolition sites. Is available loose by the cubic meter.

In addition to its clear environmental benefits, our mulch:

- Improves soil structure by aiding moisture retention
- Helps control weeds, as it contains no weed seed
- Will not blow away due to its high density, so it lasts longer than other mulches
